

APPLICATIONS VARY.

OUR ABILITY TO ENGINEER
SOLUTIONS NEVER DOES.

TECHLITE | INSULATION™

TECHLITE.COM

expertly engineered solutions™

WE DO WHAT OTHERS CAN'T. OR WON'T.

TECHLITE Insulation™ is the world leader in melamine foam insulation manufacturing and design. With a global manufacturing and supply network and advanced engineering capabilities, no one can provide a better system solution for your insulation needs.

The fact is, our engineering and manufacturing capabilities allow us to solve insulation problems others can't. Not surprisingly, those with demanding insulation needs are demanding that TECHLITE Insulation™ provide the solution.

From hi-tech to military, industrial to commercial, TECHLITE Insulation™ is becoming the standard by which all other insulation solutions are measured. And forever coming up short.

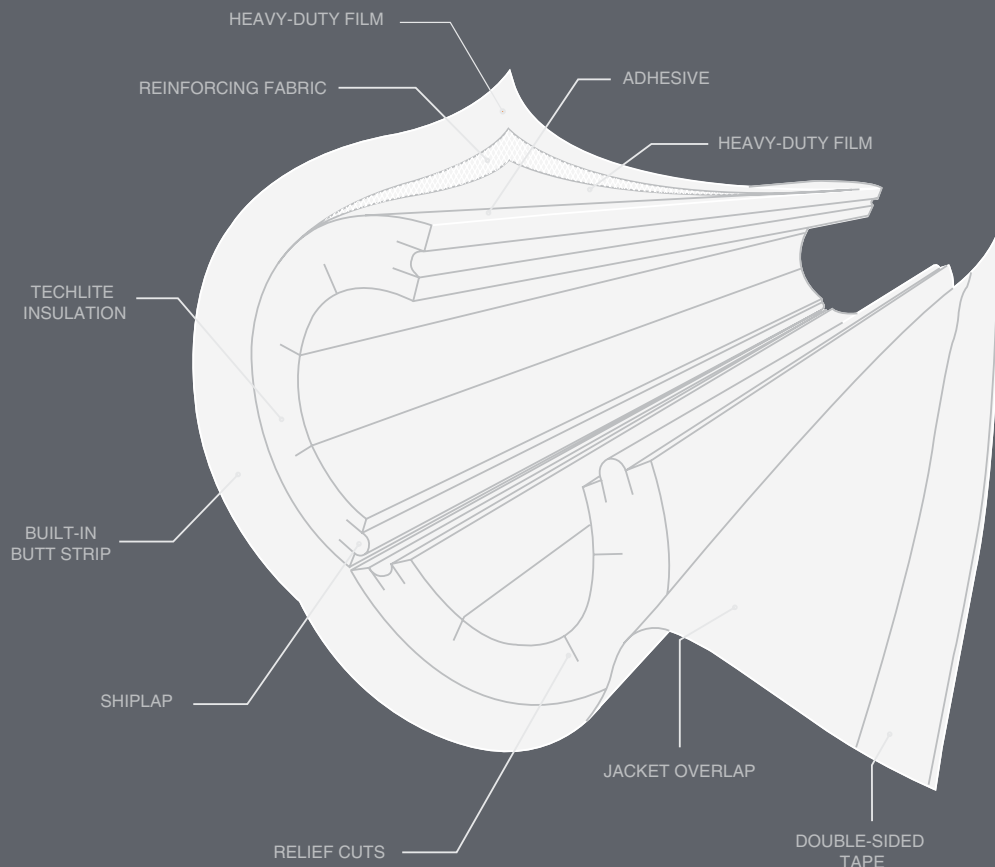

NOT TO GET TOO TECHNICAL, BUT THIS STUFF IS MAGIC.

TECHLITE Insulation™ is a state-of-the-art insulation material. It is a flexible foam produced from melamine resin. The three-dimensional structure of the foam is comprised of a slender, microscopic skeletal structure that delivers excellent insulation properties.

This unique structure and the inherent nature of the design gives TECHLITE® melamine foam outstanding insulation properties and other significant system solution advantages:

- CLASSIFIED ASTM C-1410
- MEETS OR EXCEEDS ASTM-E84-25/50 (CLASS A) SMOKE & FLAME RATING
- HIGH TEMPERATURE RESISTANCE
- NO BACTERIAL GROWTH
- OUTSTANDING FABRICATION QUALITIES
- CFC FREE
- NON-CARCINOGENIC
- EASY TO INSTALL
- FIBER FREE
- NON-ITCH

TECHLITE Insulation™ system solutions are safe and recommended for all sanitary and clean room environments. They are also durable and cost effective insulation products that will provide years of reliable, maintenance-free operation.

WHEN ONLY THE BEST WILL DO. AND WHERE.

When time and place call for the very best insulation system solution possible, the call goes out to TECHLITE Insulation™. As a lightweight, fiber-free, high temperature, non-corrosive, open cell foam, TECHLITE Insulation™ is a preferred system solution provider for:

- CLEAN ROOMS
- FOOD PROCESSING
- PHARMACEUTICAL MANUFACTURING
- INDUSTRIAL/CHEMICAL FACILITIES
- MILITARY
- AVIATION
- SOLAR
- ACOUSTICS
- CUSTOM APPLICATIONS
- WASTE WATER TREATMENT
- SEMICONDUCTOR MANUFACTURING
- HI-TECH
- MARINE
- OEM

FOAM FOLLOWS FUNCTION.

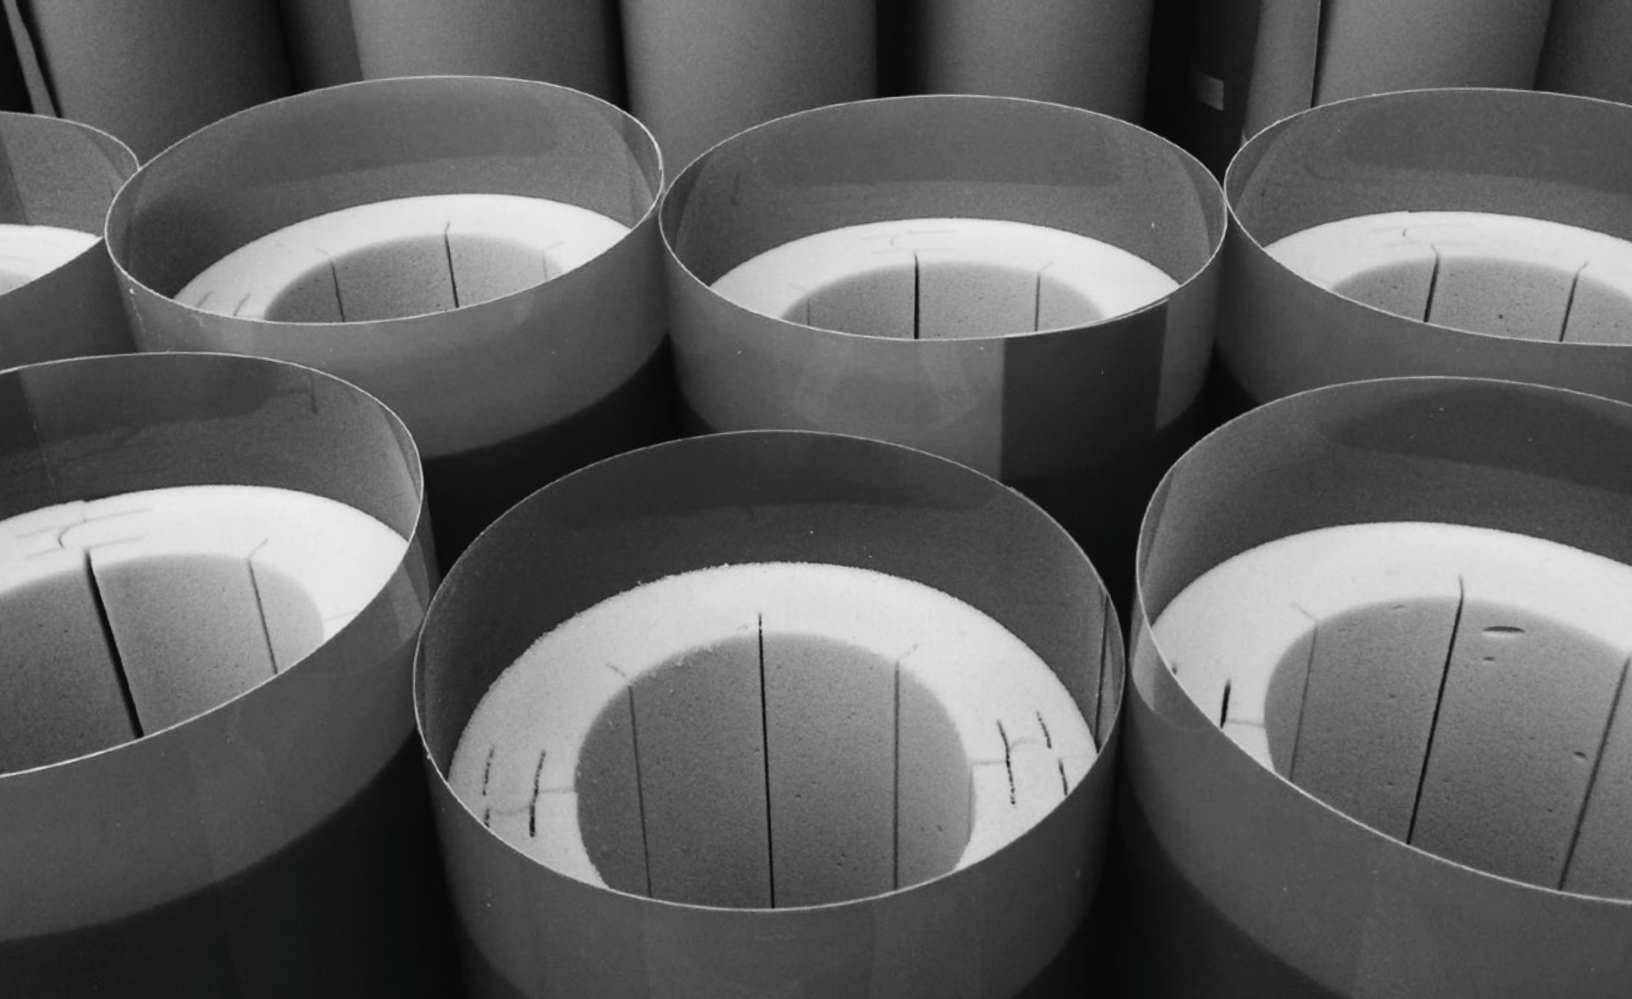

For more than 50 years, TECHLITE® has been designing, engineering, manufacturing, supplying, and – most importantly – evolving melamine foam insulation products for maintaining critical process temperatures, freeze protection and noise control. We're the world leader in providing such system solutions. And committed to staying there.

We're unsurpassed in clean room, sanitary, and food processing applications. We have system solutions for anti-bacterial and wash-down environments and system solutions for indoor and outdoor environments including harsh UV conditions.

We have military-grade solutions. Contractor-grade solutions. Hi-tech, commercial and industrial solutions. Jacketed, non-jacketed and laminated. Piping. Flat Sheets. V-grooved. HexWrap. Acoustic. Custom.

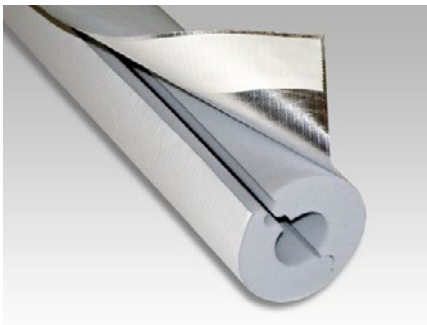

All of which is to say TECHLITE® has, or can engineer, a complete system solution for your insulation needs. No matter the complexity. No matter the industry. No matter what.

FACTORY APPLIED JACKETED PIPE INSULATION

TECHLITE® melamine foam pipe insulation with its factory applied jacket reduces the labor to install by up to 25%. It has applications for heavy-duty insulation systems in demanding, high abuse and harsh UV environments as well as sanitary insulation systems for clean rooms, BioPharma, food processing and more.

ASJ 79 SERIES

IDEAL FOR: Field-applied Jackets

379 SERIES

IDEAL FOR: Indoor & Outdoor,
Chemical & Industrial Plants,
Tanks & Vessels

879 SERIES

IDEAL FOR: Clean Rooms,
Sanitary Applications,
& Washdown Environments

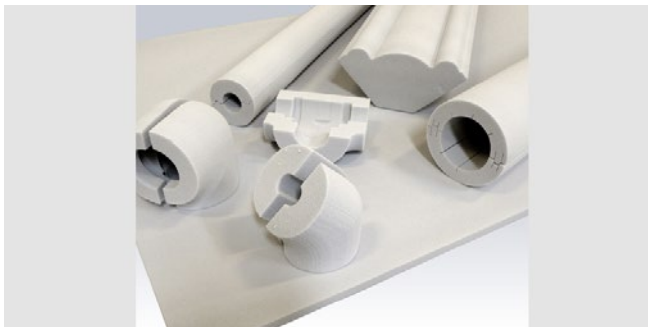

ALSO RECOMMENDED FOR USE IN:

- FOOD PROCESSING
- COMMERCIAL FACILITIES
- SEMICONDUCTOR
- BIOTECH & PHARMA

TECHLITE® PLAIN FOAM PIPE INSULATION

TECHLITE® plain foam pipe insulation is the same outstanding insulation offered with our factory applied jacketed insulation systems. The insulation is offered without a jacket which must be field applied. It is non-hazardous, non-itch and fiber free.

PLAIN 79 SERIES

IDEAL FOR: Personnel Protection & Steam Lines

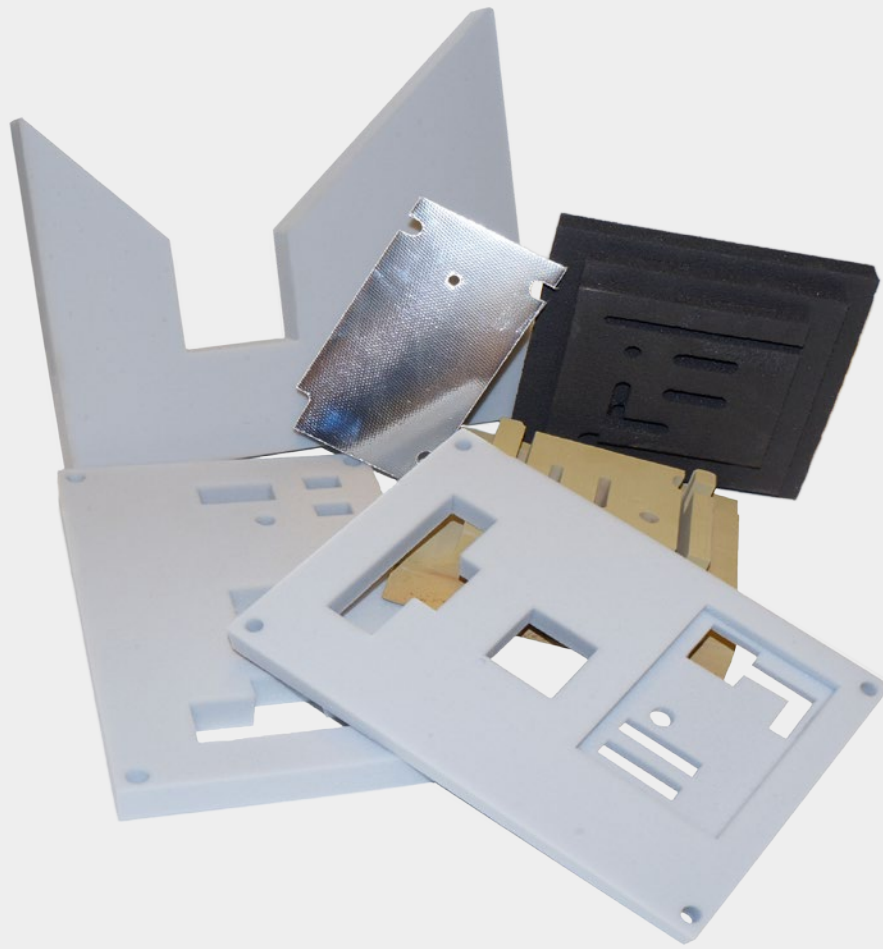

FITTINGS & INSERTS

IDEAL FOR: Custom Fittings for 45's, 90's, Tee's, etc.

ALSO RECOMMENDED FOR USE WITH:

- STAINLESS STEEL TUBING
- COPPER PIPE
- IRON PIPE

CUSTOM SOLUTIONS

TECHLITE® offers customized solutions for some of the world's largest companies including OEM's and Research & Development departments. From companies such as Micron, Genentech, Amgen, Boeing, DuPont, GE, Intel, Kraft, Merck, NASA, Tyson Foods and many more, TECHLITE® reaches all corners of the globe.

HEXWRAP

IDEAL FOR: Plate & Frame Heat Exchangers

SPECIALTY PRODUCTS

IDEAL FOR: OEM Applications

ALSO RECOMMENDED FOR USE IN:

- TRANSPORTATION
- AEROSPACE
- DEFENSE
- MARINE
- RESEARCH & DEVELOPMENT

TECHLITE® ACOUSTIC FOAM

TECHLITE Acoustics™ provides consultation, design and custom manufacturing for virtually any sound attenuation application, from large industrial spaces to office and sports complexes to music halls, museums and civic spaces. This gives designers, architects, acoustics consultants and building owners the freedom to create spaces that are as pleasing to the eye as to the ear.

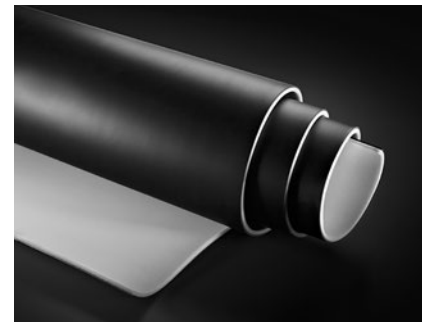

ACCENT SERIES

IDEAL FOR: Architectural
& Design Applications

SILENCER SERIES

IDEAL FOR: Industrial Applications
& OSHA Compliance

PIPE LAGGING

IDEAL FOR: Food Conveyor Pipes,
Pneumatic Transport Tubes,
& Gas Pipes

ALSO RECOMMENDED FOR USE IN:

- AESTHETIC ACOUSTIC TREATMENTS
- CIVIC SPACES
- OFFICE & SPORTS COMPLEXES
- RECEPTION AREAS

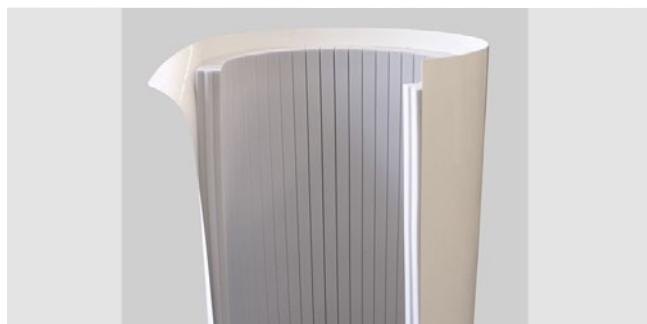

TECHLITE® MELAMINE FOAM SHEETS

TECHLITE® foam is a lightweight, fiber free, open cell melamine foam developed as a Class A fire-rated alternative to conventional foams. This high performance foam has a wide temperature range, low smoke and flame properties and is available in several sizes and shapes to fit any design or décor.

TECHLITE® SHEET STOCK

IDEAL FOR: Storage Tanks & Manufacturing Facilities

VX SERIES

IDEAL FOR: Large Pipes & Large Cylindrical Vessels

ALSO RECOMMENDED FOR USE IN:

- CUSTOM FABRICATION
- ENGINE COMPARTMENTS
- EQUIPMENT HOUSING
- FIREWALLS

INSULATE YOURSELF FROM FAILURE.

By choosing TECHLITE Insulation™, you'll be installing an expertly engineered system solution featuring TECHLITE® melamine foam, an insulation material with inherently superior insulation properties.

Equally important, you'll be choosing a company that is universally recognized for excellence in customer service and support. We stand by our products. And our word.

And we provide consultation to ensure we expertly engineer the system solution that will achieve the performance characteristics your application demands.
